	ANNEX 'B' – DOCUMENT CONTROL	6

1. Purpose

The purpose of this policy is to establish requirements for the creation, approval, distribution, use, maintenance, disposal of documented information within IBEX. The goal is to ensure that all documents and records are properly controlled, accessible, and protected.

2. Scope

The policy applies to:

1. all personnel responsible for the creation, management, and control of documented information.
2. all documents including but not limited to policies, procedures, reports, diagrams and manuals etc.

3. Roles and Responsibilities

Roles	Responsibilities
IT Security	Review and update this Policy.
Department Head/CTO	Review and approve relevant documents.
Document Owner/Team	• Draft, timely update, review and dissemination of policies, procedures, standards, reports etc. within their domain. • Responsible for the accuracy and completeness of the document's content.
All Employees	• Must adhere to the approved documents and refrain from using outdated versions. • Report any identified errors, inconsistencies, or potential improvements in existing documents to the Document Owner/ Team.

4. Policy

Documented information shall be created, updated, and controlled to ensure:

- It is available and appropriate for use where and when needed.
- It is adequately protected from loss of confidentiality, improper use, or loss of integrity.
- Compliance with business requirements, contractual obligations, and applicable legal and regulatory requirements.

All documents shall be created to present information in a standardized format as per *Annex 'B' which is mandatory to be filled in.*

4.1. Documentation Requirements

1. Assign a name that reflects its purpose (e.g., "Change Management Procedure").
2. A common design, format, and consistent flow shall be ensured.
3. The use of concise and clear wording/labeling shall be ensured.
4. Relevant stakeholders shall be involved in reviewing the documents.
5. The business requirement shall be determined and verified before drafting the document.
6. Documents shall be shared on a need-to-know basis.
7. Document codes of respective departments shall follow nomenclature in *Annex 'A' –*

Department Codes

8. The documents, reports, diagrams and organization charts shall follow the standard and nomenclature as outlined in *Annex 'B' – Document Control*
9. Documents shall use a formal, readable font that is appropriate for business communications, with a body text set to a maximum of 12 pt.
10. Documents shall contain version history to record and track changes, except for diagrams and reports. Diagrams and reports, while exempt from maintaining a full version history, shall clearly display the latest version.

4.2. Control of Documented Information

To maintain control of documented information:

11. Distribution, access, retrieval, and use of documented information shall be controlled.
12. Prevent unintended alterations or destruction.
13. Ensure proper storage and protection based on classification.
14. Control changes with version management and approvals before release.
15. Remove or clearly mark obsolete documents to prevent unintended use.
16. Retain documents and records as required by legal, regulatory, and business requirements.
17. Securely dispose-off obsolete documents to protect confidentiality and integrity.

4.3. Approval

18. All IT documents enforced IBEX-wide shall be approved by the CTO.
19. All other documents shall be approved by respective Department Heads or Process/system Owners as per the document control matrix.
20. The required approval shall be preserved through email or an approved electronic signature.

4.4. Distribution

21. All organization wide policies shall be published on IBEX internal portal and shall be made available to all IBEX employees and relevant stakeholders.
22. All other documents shall be maintained by respective process owners and shared on need-to-know basis.
23. Distribution and printing of the policies shall be restricted as per the document's classification. Approved documents shall be converted to non-editable formats (e.g., PDF) where feasible to prevent accidental edits.
24. All relevant users must have access to the current version of the document.

4.5. Implementation

25. All policies, procedures and standards shall be enforced from its date of effectiveness.

4.6. Periodic Review

26. All documents, except reports, shall be reviewed at least annually or upon any significant change(s), and changes shall be documented.
27. Any changes to organization business model or processes or applicable legal, regulatory, compliance or security requirements shall also trigger a review and update of relevant document.

28. Where in case no changes are required, document version shall be updated and documented.

4.7. Document Versioning

- 29. Major changes such as amendments shall be represented by the changes in the number. (e.g., from Version 1.0 to Version 2.0)
- 30. Minor changes such as correction of spelling, format or replacing a word with similar meaning, changing or additional information to achieve a better expression of the statement shall be represented by the change in the 2nd digit of the version number. (e.g., from Version 1.0 to Version 1.1)
- 31. After the annual review and no change has been made, the 2nd digit of the version number must still be changed to confirm that the document has been reviewed. (e.g., from Version 1.0 to 1.1)

4.8. Retention and Disposal

- 32. When a new version is approved, old versions shall be withdrawn and placed in a separate “Obsolete” or “Archive” folder if retained for legal or knowledge purposes.
- 33. The standard retention period for documented information shall follow the timelines specified in “CO-RET-01 Data Retention and Deletion Policy”.
- 34. Upon expiration of the applicable retention period, documents shall be securely disposed-off, in accordance with the guidelines outlined in “CO-RET-01 Data Retention and Deletion Policy” and/or “IS-1.026 Information Classification and Handling Policy”.

5. Enforcement

All documents or versions of previously created documents developed after the date of effectiveness of this policy shall adhere to this policy.

6. Definitions and Abbreviations

Terms	Definitions
Documented Information	Documented information refers to information required to be controlled and maintained and the medium on which it is contained. It includes: • Documents (e.g., policies, procedures, work instructions, manuals). • Records (evidence of activities performed or results achieved).

Revision History

Ver	Date	Details of Changes	Change By	Reviewed By	Approved By
1.0	11/10/2020	Initial Draft	Muqheet Kamal	Atif Naseem	Jim Ferrato
2.0	07/26/2021	Document coding scheme hard coded	Muhammad Shahzad	Atif Naseem / Mubsshar Ismail	Jim Ferrato
3.0	1/4/2023	Changes to the Policy requirements so as to ensure uniformity across multiple types of documents including reports and diagrams.	Sidra Maryam	Muhammad Shahzad/ M Atif Naseem/ Mubsshar Ismail	Jim Ferrato
3.1	3/6/2024	Review completed - No change required	Sidra Maryam	Muhammad Shahzad/ M Atif Naseem/ Mubsshar Ismail	Jim Ferrato
3.2	3/29/2025	Minor changes though section 4	Hassan Abbas	Muhammad Shahzad/ Iftikhar Zafar	Andreas Wilkens
3.3	7/15/2025	Minor changes though section 4 – Added section “4.8. Retention and Disposal”	Hassan Abbas	Muhammad Shahzad	Mubsshar Ismail
4.0	12/3/2025	Changes in Section 1, 2 and 3 Addition in sub section 4.1, 4.3, 4.4 and 4.8	Sohaib Nawaz	Muhammad Shahzad / Sidra Maryam	Mubsshar Ismail

Annex 'A' – Department Codes

Department	Document Code	Department	Document Code
Global Server Operations (GSO)	SO	Global NOC	NS
IT Security	IS	Change Management	CM
Incident Management	IM	Service Desk	SD
Client Integration	CI	Field Support	FS
Compliance and Risk Management	CO	Business Continuity Plan	BC
Facilities Management	FM	Project Management	PM
Network Recorder	NR	Web Dialer	WD

Document Type	Coding Scheme
For Global Documents	Global documents shall follow the department code only e.g. • IS for IT Security • CO for Compliance and Risk Management • SO for Global Server Operations etc.
For Region Specific Documents	For region specific documents, a two-character region code shall be added before the document codes listed above e.g. • PH-FS for an IT Field Support document specific to Philippines • NI-FS for an IT Field Support document specific to Nicaragua etc.
